

Paper Airplane Instructions

- Orange line is where you need to make a fold
- Blue arrow shows the direction in which you will be folding the paper

Template can be printed double or single-sided

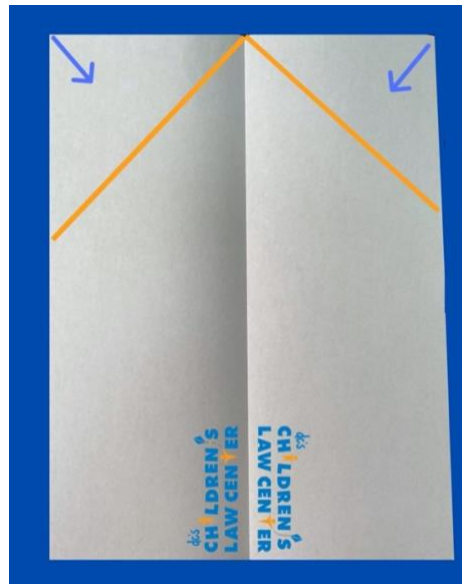

Step 1

- Fold the sheet of paper in half lengthwise

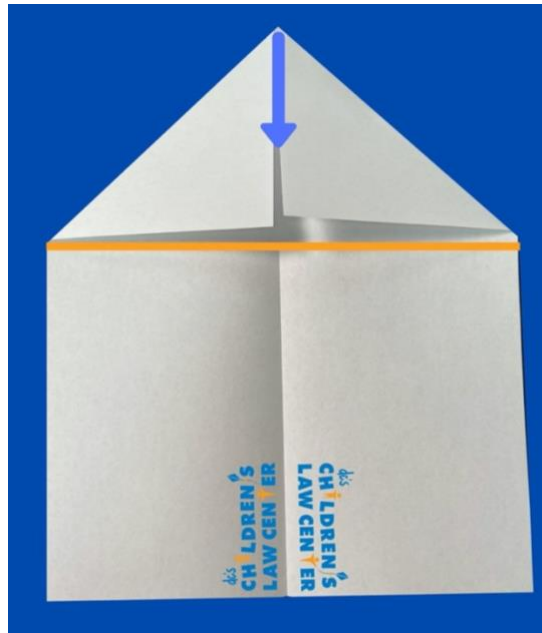

Step 2

- Open the sheet of paper up
- Fold the top right and left corners in so they meet at the middle crease

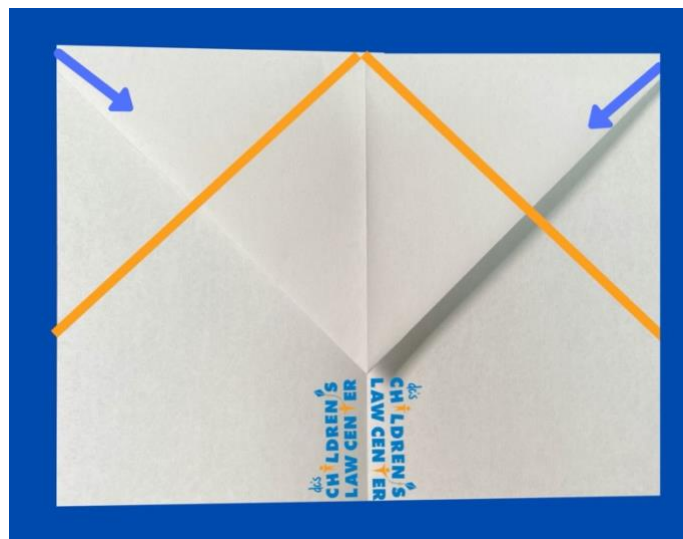

Step 3

- Make a fold underneath the two triangles

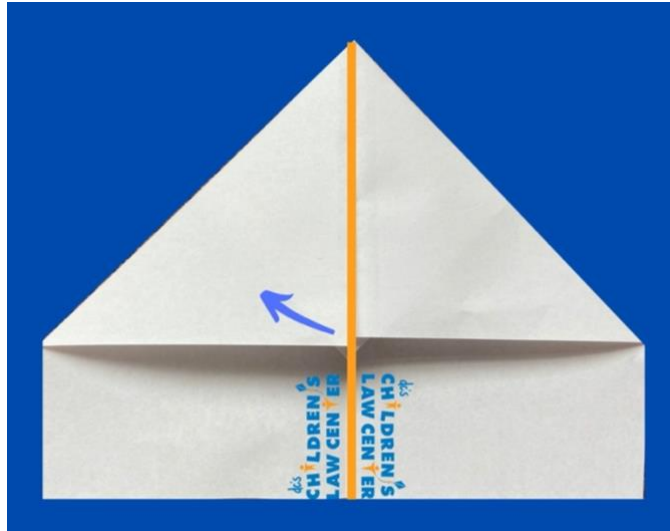

Step 4

- Once again, fold the top right and left corners in so they meet at the middle crease
- The top half of the plane will be shaped like a triangle

Step 5

- Fold the plane in half

Step 6

- Fold the wing down at a slant
- Repeat on the other side

Step 7

- Open the wings up
- We recommend putting a piece of tape in between the body of the plane so it sticks together, and adding another piece to hold the bottom folds together tightly
- ***Make sure the tip of the plane is taped together so it can fly the best***

Your paper airplane is now complete! We'd love for you to record a short video of yourself throwing your plane and telling us why you support Children's Law Center. Share a favorite story or memory or get inspired by our example below:

Children's Law Center fights so every child can grow up with a stable family, good health and a quality education. That's why I'm proud to support Children's Law Center. Together we can help more children soar.

When you've finished your video, **email it to SCasabonne@ChildrensLawCenter.org and share it with us on social media using #HelpingChildrenSoar:**

Facebook: [Facebook.com/DCCLC](https://www.facebook.com/DCCLC)

Twitter: [@DCChildrensLaw](https://twitter.com/DCChildrensLaw)

LinkedIn: <https://www.linkedin.com/company/children%27s-law-center/>

Note: If your video file is too large to send via email, feel free to send a Google Drive, OneDrive or Dropbox link instead.

Thank you so much, and we hope to see you the week of October 5th for our virtual Helping Children Soar Benefit!
